## GRATITUDE

Luke 7

Pastor Thomas Lengyel

Although the amount of gratitude we feel might not be directly related to what we \_\_\_\_\_, it is directly correlated to what we think we \_\_\_\_\_.

Why is joy such an essential character trait of a Christ follower?

How does this woman's show of gratitude make you feel? Have you ever felt so grateful that you did something foolish?

How does the pharisee show his pride?

If the proper response to grace is gratitude, what does it communicate to God when we are ungrateful?

In Joshua 5, the Israelites build a monument to remember what God has done for them. What can you use in your life to remind you of how God has been faithful?

How can we express gratitude for what God has done in our lives? How can that attitude be expressed through our interactions with each other?
